# Support to deliver High quality programme!

**3 Steps to Quality Programmes!** Planning an engaging and balanced programme is essential for delivering quality Scouting experiences and can be done in three steps.

## Who does what, when?

**Who is responsible for the section planning in each section?**

- Is it your section lead? Or team?
- Does it involve your young people?
- What's your **BIGGEST** challenge?

**Are you planning independently or collaborating?**

- How do you balance having structured plans, while being flexible?
- How do you ensure that everyone is involved in planning?

**How far in advance will you plan?**

- When do you have planning sessions?
- What does it involve?
- Do you use digital tools?

**What do you do when the plan changes?**

- Consistency vs flexibility!

## Don't Re-Invent The Wheel!

### Utilise Scouts – Programme Tools

- There are lots of resources to support volunteers in planning amazing programmes, but it can be hard to work out what's new and where to find it. Here are some great ideas, such as occasion and events calendars, to inspire an exciting term of ideas!
